

## **Intervet Schering-Plough announces PreveNile® West Nile Virus vaccine recall**

May 4, 2010

Intervet Schering-Plough has announced an urgent recall of all serial numbers of PreveNile® West Nile Virus vaccine for horses due to an increased number of adverse event reports associated with the use of these vaccines. According to a letter distributed by the manufacturer, the USDA has been alerted of this recall.

The recalled serial numbers include one-dose and five-dose vials of the vaccine, and are listed below:

<b>PreveNile One-Dose</b>	<b>PreveNile Five-Dose</b>
91669001	91669003
91669002	91669004
91669005	91669008
91669006	91669009
91669007	91669010
91669012	91669011
91669013	91660003
91669014	91660004
91669015	
91669016	
91660001	
91660002	

Veterinarians with any of these serial numbers in stock should contact their distributor to arrange for the product's return. If you have questions about this recall, contact the Intervet Schering-Plough Technical Service Department at 866-349-3497.
